

## Beacon Roofing Supply

**February 1, 2017**

To Our Valued Customers,

We know that you have choices when it comes to suppliers, and we greatly appreciate your support and loyalty. As we have in the past, we continually strive to provide the best possible service while maintaining consistent and competitive pricing.

Recently, numerous manufacturers have announced price increases across all product lines—residential, commercial, and complementary. In addition, many other costs of doing business such as health insurance premiums, vehicle purchase and maintenance costs, and property/lease expenses, to name just a few, continue to rise.

Due to these increases, on March 1, 2017, Beacon is implementing increases of 5%-10% on all products. Our branch personnel will provide updates and more detailed information as we draw closer to this date. If you have questions or concerns, please contact your local Beacon branch.

We appreciate your continued support and thank you for your business.

Sincerely,

Paul Isabella

President and CEO

Beacon Roofing Supply, Inc.
